For: FAT BLEND

REQUEST FOR RECONSIDERATION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This is in response to the Decision of September 18, 2006 and in which a Request for Certificate of Correction was file on August 22, 2006 in view of the typographical errors in the above-identified patent.

It is urged that the alleged error in col. 1, line 25 is printed in accordance with the record. The patent office is correct in that the word "acids" following the word "fatty" in column 1, line 25, is printed in accordance with the record. However, the error patentees are referring to in column 1, line 25, is the word "acids" following the word "alphanolenic". This should read as "alphanolenic **acid**".

Patentees note with appreciation that a certificate of correction will issue to correct the remaining errors noted in their request.

In view of the above comments, further consideration and correction of the note error by the USPTO are most respectfully requested.

Respectfully submitted,
BACON & THOMAS, PLLC
